Internship

Programmer Analyst Trainee

January 2026 - Present

Cognizant Technology Solutions India Pvt Ltd - Coimbatore

- Completed intensive enterprise training focused on building scalable e-commerce applications using **Java Spring Boot and React**.
- Designed RESTful backend services using **Spring Boot MVC architecture** with layered structure (Controller → Service → Repository)
- Designed and managed relational database schemas using **MySQL (ANSI SQL)** and integrated persistence using **Spring Data JPA and Hibernate ORM**.

Projects

Online-Exam-Portal | Java, Spring Boot, JWT, React, MySQL, Hibernate, REST APIs, Microservices

April 2026

- Developed a secure full-stack Online Exam Portal using Spring Boot and React, implementing JWT-based authentication and role-based authorization for Admin, Teacher, and Student users.
- Designed and integrated RESTful APIs with a dynamic React frontend, enabling protected routes, role-based dashboards, and seamless communication using Axios with Authorization headers.
- Designed and structured relational database schema using normalization techniques (up to 3NF), reducing data redundancy and ensuring data integrity for users, roles, exams, and results management.
- Github Repository Link: <https://github.com/sumit18950/Online-Exam-Portal>

Smart Research Assistant | Spring Boot, LangChain4j, OpenAI API, Pinecone/FAISS, React, RAG Pipeline

March 2026

- Production-grade multi-source RAG system using Spring Boot and LangChain4j to retrieve and synthesize information from PDFs, research papers, and web data with citation-backed responses
- Integrated **vector search pipelines** with embeddings and similarity retrieval, optimizing response relevance and latency for real-time query processing
- Implemented AI evaluation and governance mechanisms, including hallucination detection, confidence scoring, and response validation to ensure correctness, safety, and reliability
- Github Repository Link: <https://github.com/sumit18950/Smart-Research-Assistant>

Technical Skills

- Languages:** Java, JavaScript, Python(Basic)
- Frameworks:** HTML and CSS, Bootstrap, React, TailWindCSS, SpringBoot, JPA, ORM
- Backend:** SpringBoot(MVC, Web API), Microservices(Spring Cloud), Maven
- Databases:** MySQL, NoSQL(MongoDB)
- Application Development:** SpringBoot Applications, RESTful Web APIs, TDD, Junit, Lombok
- Cloud/ DevOps:** GCP, Docker, Git, GitHub
- AI & LLM:** LLMs & Embeddings, RAG Pipelines, Prompt Engineering, AI Coding Assistants, NLP

Education

Lovely Professional University

2022 – 2026

Computer Science and Engineering — CGPA: 7.66

Jalandhar, Punjab

Divya Bhaskar Public School

2020 – 2022

12th with Science — Percentage: 80%

Bhojpur, Bihar

D.A.V Public School

2019 – 2020

10th with Science — Percentage: 82%

Rohtas, Bihar
